Chip, Eric,

At the last Portland Harbor managers meeting we discussed the history of comments and responses on biodegradation rates for chemical fate and transport modeling in the FS. Attached is a PDF document compiling the documents that are relevant to that history. The first and second pages contain the biodegradation rate table that we submitted to EPA on July 24, 2008. The third page contains EPA's comments on the table that was sent to LWG on September 23, 2008. The fourth through sixth pages contains LWG's comment response sent to EPA on October 23, 2008. The remaining pages are the actual email chain between Chip and Carl Stivers regarding some clarifying questions we had on EPA comments.

Please let us know if you have any questions.

Thank you,

Jen Woronets ☺
